

# WE ARE THE RUDE

I think I am morally justified in taking down anti-union posters.

People have the right not to know all the facts.

# CHEAP-5AM

Sure my posters make fun of the CASE/UAW position. But all of them have a specific point to make. So STOP taking them down. And stop taking the other groups' posters down.

This poster was made by 5am Productions. No graduate students were harmed or charged 1.15% of their income to create this flier. Please do not take this down.
